Native American Heritage Commission (NAHC)
Sacred Lands File (SLF) Results

NATIVE AMERICAN HERITAGE COMMISSION

December 11, 2023

Jennifer De Alba
DudekVia Email to: jdealba@dudek.com

Re: 12885 Fullerton HIOZ Project, Orange County

Dear Ms. De Alba:

A record search of the Native American Heritage Commission (NAHC) Sacred Lands File (SLF) was completed for the information submitted for the above referenced project. The results were positive. Please contact the Juaneno Band of Mission Indians Acjachemen Nation – Belardes on the attached list for information. Please note that tribes do not always record their sacred sites in the SLF, nor are they required to do so. A SLF search is not a substitute for consultation with tribes that are traditionally and culturally affiliated with a project's geographic area. Other sources of cultural resources should also be contacted for information regarding known and recorded sites, such as the appropriate regional California Historical Research Information System (CHRIS) archaeological Information Center for the presence of recorded archaeological sites.

Attached is a list of Native American tribes who may also have knowledge of cultural resources in the project area. This list should provide a starting place in locating areas of potential adverse impact within the proposed project area. Please contact all of those listed; if they cannot supply information, they may recommend others with specific knowledge. By contacting all those listed, your organization will be better able to respond to claims of failure to consult with the appropriate tribe. If a response has not been received within two weeks of notification, the Commission requests that you follow-up with a telephone call or email to ensure that the project information has been received.

If you receive notification of change of addresses and phone numbers from tribes, please notify the NAHC. With your assistance, we can assure that our lists contain current information.

If you have any questions or need additional information, please contact me at my email address: Andrew.Green@nahc.ca.gov.

Sincerely,

Andrew Green
Cultural Resources Analyst

RE: AB 52 Consultation, Housing Element Update, Fullerton, Orange County, California

Dear Chairperson Salas:

The City of Fullerton (City) is preparing an Initial Study for the proposed creation of a Housing Incentive Overlay Zone (HIOZ) in conjunction with the Housing Element Update for Cycle 6 (project). The project would create an overlay zone that would allow a property owner to develop multi-family housing on a parcel with a non-residential underlying zoning classification in exchange for providing a specified percentage of deed-restricted affordable housing units. The project would apply an overlay zone to 759 parcels across the City totaling 593 acres. Implementation of the project could result in a buildout potential of 35,611 units. The project would not directly result in the construction of the total buildout potential. Instead, the project would facilitate the construction of housing units with the adoption of this zoning overlay. The proposed project must comply with California Public Resources Code § 21080.3.1 (Assembly Bill 52 of 2014 [AB 52]), which requires local governments to conduct meaningful consultation with California Native American tribes that have requested to be notified by lead agencies of proposed projects in the geographic area with which the tribe is traditionally and culturally affiliated.

The input of the Gabrieleno Band of Mission Indians is important to the City's planning process. Under AB 52, you have 30 days from receipt of this letter to respond in writing if you wish you consult on the proposed project. If you require any additional information or have any questions, please contact me at 714-738-6884 or via e-mail at chris.schaefer@cityoffulleton.com.

Thank you for your assistance.

Sincerely,

The region where Gabrieleño culture thrived for more than eight centuries encompassed most of Los Angeles County, more than half of Orange County and portions of Riverside and San Bernardino counties. It was the labor of the Gabrieleño who built the missions, ranchos and the pueblos of Los Angeles. They were trained in the trades, and they did the construction and maintenance, as well as the farming and managing of herds of livestock. "The Gabrieleño are the ones who did all this work, and they really are the foundation of the early economy of the Los Angeles area ". "That's a contribution that Los Angeles has not recognized--the fact that in its early decades, without the Gabrieleño, the community simply would not have survived."

On Tue, Feb 13, 2024 at 2:45 PM Chris Schaefer <Chris.Schaefer@cityoffullerton.com> wrote:

Good Afternoon,

The EIR that is being prepared is for a new type of zoning called the Housing Incentive Overlay Zone (HIOZ), which would allow the development of residential units on selected commercial or industrial properties. This action isn't approving a specific project per se, however, would allow this type of development by right under certain conditions. So, after this zoning is approved by the City Council, it would allow the construction of units and ground disturbance probably would take place.

Covina, CA 91723
Via email to: admin@gabrielenoindians.org

RE: Formal Notification for Fullerton Housing Element Update and Housing Incentive Overlay Zone program, Pursuant to Senate Bill 18

Dear Chairperson Salas:

Pursuant to California Senate Bill (SB) 18, the City of Fullerton is providing you with formal notification of the Housing Element Update and Housing Incentive Overlay Zone (HIOZ) program development (Project), located in Fullerton, California. The proposed Project requires a General Plan Amendment and Zone Change and is therefore subject to SB 18 (Government Code Section 65352.3). This letter serves as a formal notification and invitation to consult with the City of Fullerton on the proposed Project pursuant to SB 18.

Project Location: The project entails amendments to the Fullerton Plan (i.e. General Plan) and Fullerton Municipal Code/Zoning Code that may affect multiple parcels city-wide.

Project Description: According to the City's Housing Element Update, the City does not contain sufficient sites with appropriate zoning to accommodate the City's Regional Housing Needs Allocation (RHNA) goals. As such, the City identified the proposed Program as one of two policy actions to help facilitate housing production in order for the City to be in compliance with State law.

The Program would create an overlay zone that would allow a property owner to develop multi-family housing on a parcel with a non-residential underlying zoning classification in exchange for providing a specified percentage of deed-restricted affordable housing units. The Program would apply an overlay zone to 759 parcels across the City totaling 593 acres. Implementation of the Program could result in a buildout potential of 35,611 units. The Program would not directly result in the construction of the total buildout potential. Instead, the Program would facilitate the construction of housing units with the adoption of this zoning program.

Proposed Project Disturbances: Specific projects requiring ground disturbance are not anticipated at this time. All future discretionary projects that may be proposed under the Project would be subject to CEQA and project-level environmental reviews, as applicable.

CITY OF FULLERTON

Community and Economic Development Department

The City of Fullerton welcomes any comments regarding potential impacts to tribal cultural resources (as defined in Public Resources Code § 21074) in relation to the proposed Project as well as requests for proposed Project related information. Pursuant to Government Code Section 65352.3(a)(2), you have 90 days from the receipt of this letter to request consultation with the City of Fullerton. Please include the name of a designated lead contact person in all correspondence to ensure an expedient response. The City of Fullerton carefully adheres to provisions of Public Resources Code section 21082.3, subd. (c)(2)(A) to maintain the confidentiality of the information provided by Tribes.

The City of Fullerton (lead agency's) contact person for this proposed Project is:

RE: Formal Notification for Fullerton Housing Element Update and Housing Incentive Overlay Zone program, Pursuant to Senate Bill 18

Dear Director Ontiveros:

Pursuant to California Senate Bill (SB) 18, the City of Fullerton is providing you with formal notification of the Housing Element Update and Housing Incentive Overlay Zone (HIOZ) program development (Project), located in Fullerton, California. The proposed Project requires a General Plan Amendment and Zone Change and is therefore subject to SB 18 (Government Code Section 65352.3). This letter serves as a formal notification and invitation to consult with the City of Fullerton on the proposed Project pursuant to SB 18.

Project Location: The project entails amendments to the Fullerton Plan (i.e. General Plan) and Fullerton Municipal Code/Zoning Code that may affect multiple parcels city-wide.

Project Description: According to the City's Housing Element Update, the City does not contain sufficient sites with appropriate zoning to accommodate the City's Regional Housing Needs Allocation (RHNA) goals. As such, the City identified the proposed Program as one of two policy actions to help facilitate housing production in order for the City to be in compliance with State law.

The Program would create an overlay zone that would allow a property owner to develop multi-family housing on a parcel with a non-residential underlying zoning classification in exchange for providing a specified percentage of deed-restricted affordable housing units. The Program would apply an overlay zone to 759 parcels across the City totaling 593 acres. Implementation of the Program could result in a buildout potential of 35,611 units. The Program would not directly result in the construction of the total buildout potential. Instead, the Program would facilitate the construction of housing units with the adoption of this zoning program.

Proposed Project Disturbances: Specific projects requiring ground disturbance are not anticipated at this time. All future discretionary projects that may be proposed under the Project would be subject to CEQA and project-level environmental reviews, as applicable.

CITY OF FULLERTON

Community and Economic Development Department

The City of Fullerton welcomes any comments regarding potential impacts to tribal cultural resources (as defined in Public Resources Code § 21074) in relation to the proposed Project as well as requests for proposed Project related information. Pursuant to Government Code Section 65352.3(a)(2), you have 90 days from the receipt of this letter to request consultation with the City of Fullerton. Please include the name of a designated lead contact person in all correspondence to ensure an expedient response. The City of Fullerton carefully adheres to provisions of Public Resources Code section 21082.3, subd. (c)(2)(A) to maintain the confidentiality of the information provided by Tribes.

The City of Fullerton (lead agency's) contact person for this proposed Project is:

RE: Formal Notification for Fullerton Housing Element Update and Housing Incentive Overlay Zone program, Pursuant to Senate Bill 18

Dear Chairperson Goad:

Pursuant to California Senate Bill (SB) 18, the City of Fullerton is providing you with formal notification of the Housing Element Update and Housing Incentive Overlay Zone (HIOZ) program development (Project), located in Fullerton, California. The proposed Project requires a General Plan Amendment and Zone Change and is therefore subject to SB 18 (Government Code Section 65352.3). This letter serves as a formal notification and invitation to consult with the City of Fullerton on the proposed Project pursuant to SB 18.

Project Location: The project entails amendments to the Fullerton Plan (i.e. General Plan) and Fullerton Municipal Code/Zoning Code that may affect multiple parcels city-wide.

Project Description: According to the City's Housing Element Update, the City does not contain sufficient sites with appropriate zoning to accommodate the City's Regional Housing Needs Allocation (RHNA) goals. As such, the City identified the proposed Program as one of two policy actions to help facilitate housing production in order for the City to be in compliance with State law.

The Program would create an overlay zone that would allow a property owner to develop multi-family housing on a parcel with a non-residential underlying zoning classification in exchange for providing a specified percentage of deed-restricted affordable housing units. The Program would apply an overlay zone to 759 parcels across the City totaling 593 acres. Implementation of the Program could result in a buildout potential of 35,611 units. The Program would not directly result in the construction of the total buildout potential. Instead, the Program would facilitate the construction of housing units with the adoption of this zoning program.

Proposed Project Disturbances: Specific projects requiring ground disturbance are not anticipated at this time. All future discretionary projects that may be proposed under the Project would be subject to CEQA and project-level environmental reviews, as applicable.
